TWO Opportunities to Host an International High School Student

If you have room in your house and room in your heart to host a **Rotary Youth Exchange** student, it would be life changing for all of you. We will be hosting a 15 year old boy (16 in December) from Brazil. He says he likes literature, books, music, arts and cinema. What we ask of you is to provide a bed (he can share with another boy and doesn't need his own room) a place to study and three meals a day. The student receives a monthly allowance from the Rotary Club, and we will include him in our meetings and our activities and we have a counselor and a youth exchange officer to support the program. I am happy to answer any questions you may have. Martha Mauser

Ipswich resident Kate Spires has served as a host family to numerous international students through the program **Educatus**. She's reaching out to the Ipswich community on behalf of a high school student from Brazil who hopes to spend his Junior semester at IHS this coming fall. The Visa application process is underway now and secured housing is required to complete the process. Please consider how rewarding it is to host an international student. Contact Kate Spires with any questions or need of further information:
